

BILINGUAL EDUCATION OR ESL WAIVERS

The Texas Education Agency requires teachers serving emergent bilingual students in bilingual/ESL programs to be appropriately certified. Teachers serving in bilingual education programs must first obtain a content/grade level Texas teaching certificate and a bilingual education certification. Teachers serving in ESL programs must first obtain a content/grade level Texas teaching certificate and an ESL supplemental certification or a bilingual education certificate.

Bilingual education and ESL certification requirements apply to all districts, open-enrollment charters and districts of innovation.

Teachers serving emergent bilingual (EB) students in a bilingual education or ESL classroom without appropriate certification, will need to be placed under a bilingual exception or ESL waiver for the current year.

If a teacher obtains an emergency permit, an intern, probationary, or standard bilingual education certificate, he or she is appropriately certified for the bilingual education or ESL program. Therefore, a bilingual education exception or ESL waiver is not needed for this teacher/classroom.
